PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with hands-on experience building scalable web applications using the MERN stack. Proficient in designing RESTful APIs, integrating third-party services, and delivering responsive user interfaces. Passionate about writing clean, maintainable code and eager to contribute to a high-impact software development team.

TECHNICAL SKILLS

Languages: JavaScript, Python, HTML5, CSS3

Frontend: React.js, Tailwind CSS, Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, REST APIs

Database: MongoDB

Tools & Platforms: Git, GitHub, Postman, Vercel, Render, VS Code

Concepts: OOP, Multithreading, MVC Architecture, Payment Gateway Integration, Cloud Storage (Cloudinary)

Soft Skills: Problem Solving, Team Collaboration, Quick Learner, Time Management, Leadership

WORK EXPERIENCE

Full Stack Web Developer Intern | Oasis Infobyte

Nov 2023 – Dec 2023

- Developed and deployed responsive web pages using HTML, CSS, JavaScript, and React.js.
- Designed intuitive user interfaces focused on accessibility and cross-device compatibility.
- Integrated third-party REST APIs to enhance application functionality and user experience.
- Optimized frontend performance, reducing page load times through code splitting and lazy loading.
- Collaborated with team members using Git and GitHub for version control and code reviews.

Technologies: Node.js, Express.js, React.js, Tailwind CSS, GitHub

PROJECTS

Doctor Appointment Booking System (Prescripto)

- Built a full-stack appointment booking platform enabling patients to schedule doctor consultations with real-time availability.
- Implemented secure image upload using Cloudinary and role-based access for patients, doctors, and admins.
- Developed and tested RESTful APIs for user authentication, doctor management, and appointment workflows using Postman.
- Integrated Razorpay payment gateway for secure online transactions.
- Delivered a responsive UI with Tailwind CSS, improving scheduling efficiency and user experience.

Technologies: Node.js, Express.js, React.js, MongoDB, Tailwind CSS, Cloudinary, Razorpay

Live (User): <https://doctor-appointment-full-frontend.onrender.com>

Live (Admin): <https://doctor-appointment-admin-f53r.onrender.com>

Hotel Booking Platform (MERN Stack)

- Architected a role-based hotel booking system with separate dashboards for Admin, Hotel Manager, and Customers.
- Built booking, cancellation, and real-time room availability tracking features.

- Seamlessly connected React frontend with Node.js/Express backend APIs for smooth, efficient data flow.
- Leveraged MongoDB for dynamic data storage, ensuring scalability and query performance.
- Implemented payment gateway integration and session handling with local storage and cookies using Clerk auth.
- Used Redux for global state management across the application.

Technologies: React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Clerk, Redux

EDUCATION

B.Tech in Computer Science & Engineering

Rajshree Institute of Management & Technology, Bareilly, UP

Aug 2021 – Jun 2025

CGPA: 7.02 / 10.0

Class XII – PCM (83.67%) | SLSVM Inter College

Class X – All Subjects (86.67%) | SLSVM Inter College

CERTIFICATIONS & ACHIEVEMENTS

- MERN Stack Development – Code Help by Love Babbar (2024): Completed a comprehensive full-stack bootcamp with hands-on project development using MongoDB, Express.js, React, and Node.js.
- BIS Workshop (2024) – Rajshree Institute, Bareilly: Attended a workshop focused on quality standards, compliance, and industry best practices in standardization.
- Python Workshop: Participated in a hands-on Python programming workshop.
- Digital Marketing Workshop: Attended a workshop covering digital marketing fundamentals and strategies.

EXTRA-CURRICULAR ACTIVITIES

- Actively participated in coding contests and technical events, sharpening problem-solving skills and teamwork.
- Demonstrated leadership by representing college teams in inter-college technical competitions.
